Ohio Democratic Party

CONSTITUTION

PREAMBLE

We, members of the Ohio Democratic Party, in state convention here assembled, in order to organize and perpetuate a representative, effective, and responsible party organization at all levels in the State of Ohio, affiliate with and advance the interests of the Democratic Party nationally, sustain and advance the principles of democracy, and uphold human and civil rights and constitutional government, do establish this constitution.

The Ohio Democratic Party Principles

Adopted 8/29/98

As the Ohio Democratic Party, we are proud to adopt these principles based on our belief in an Ohio that values opportunity and equality for all its citizens, and respects both the self-reliance of individuals and the benefits of teamwork, to meet the challenges of a fair and just society.

To that end:

We believe that the best government is one that is efficient, yet understanding – a government that is based not on systems or bureaucracies, but on people, ideas and values.

We believe there is no substitute for fair and equal representation and strong public participation in a government chosen by election.

We believe in a government that stands on the side of Ohio's families - that listens, understands and addresses their concerns.

We believe that all Ohioans reap benefits when we, as a state, meet our challenges together. We believe in the equality of all Ohio citizens and condemn any discrimination.

We believe in a society that strengthens Ohio's families and protects our children.

We believe in the rights of all Ohioans to achieve economic security and find affordable housing, to seek good jobs at a livable wage, and protection for our workers in a growing, robust economy.

We believe in a society that puts the health, safety and prosperity of its citizens first, one that promotes excellence in education, choices in quality health care and a healthy environment for all Ohio citizens.

We believe in a society that values community and protects all Ohio citizens from violence and crime.

We believe in a society that respects our elders, who deserve the right to retire with the resources they need and have earned to support themselves in their golden years.

And we believe in pursuing these ideals with honesty and integrity, with respect for the freedoms that we in Ohio are proud to call our own.
